## LANGUAGES

English

Tamil

Saurashtra

## SKILLS

Front end: Figma

Data Science: Python, NumPy, Pandas,  
Machine Learning, Deep Learning, MySQL

Programming: C++, Java and Python

Soft Skills: Adaptable, Communication,

Fast learner, Networking,

Collaborative team worker.

## CERTIFICATIONS

Mongo DB – MongoDB university

Python Essentials-CISCO

Azure Fundamentals-Microsoft

Joy of Computing in Python – IIT Madras

## PROFILE

A versatile and skilled professional with expertise in frontend design using Figma and a strong foundation in data science, including Python, Pandas, NumPy, machine learning, and deep learning. Proficient in programming with C++, Java, and Python, with a knack for quick learning and effective communication. A collaborative team player who thrives in networking and teamwork-driven environments.

## EDUCATION HISTORY

**B.E Computer Science and Engineering,  
September 2023- Present**

PSNA College of Engineering and Technology CGPA – 8.81

**12<sup>th</sup> Standard, May 2023**

SPJ Matriculation Higher Secondary School Grade – 96.7%

**10<sup>th</sup> Standard, March 2021**

SPJ Matriculation Higher Secondary School Grade – 100%

## WORK EXPERIENCE

**Data Science Internship, August 2024-October 2024**

- Completed beginner and intermediate level courses in Data Science, Machine Learning and Deep Learning.
- Did 2 different projects on Data Science.

## PROJECTS

**SIH 2024 – Roaming Researchers(Intra department hackathon winner)**

Rail Madad app with AI-powered Complaint System

**Data Science project-1stop Internship**

Hate Speech Detection
